Dear Sirs,

Re: Inquest touching the deaths of Craig Roberts, James Dunsby & Edward Maher

I refer to your letter of 14th August 2014.

I note your request for Clean air in London to be considered as an interested person in the inquests touching the deaths of three service men on the Brecon Beacons.

I can confirm that an extensive police investigation has been undertaken by Dyfed Powys Police. That investigation included independent expert evidence. The factors contributing to these deaths have been carefully and fully investigated and do not involve the issues your client raises.

Having considered all the evidence available I do not consider your client to be an interested person under S47 of the Coroners and Justice Act 2009.

Yours faithfully,

Louise Hunt (Mrs)
Senior Coroner
Birmingham & Solihull Districts
