Oggetto: Mailinglist

Dear All,

Please find in attachment the mailing list. It consists now of:

Regional offices in Brussels: I have added the suggestions that I got from Piemonte – please send me other offices that I might have missed

Officials from the European Commission (the ones we agreed on during the last meeting) + heads of cabinets of the Commissioners we agreed on. From the entire units we wanted to invite: I only added those with an email address easy to find. (I called the general number of the EC ten times for some addresses but didn't do it for all). In any case the majority of the units we indicated (DG ENTR D5 en DG ENV C3) is on the list!

ENVE secretariat Committee of the Regions

TEN-group secretariat of EESC

PERM REP's of current and future EU-presidencies

Please add directly into the list your suggestions for:

06/11/2012

European business associations

big companies in each region

NGO's

Automotive groups

Car industry

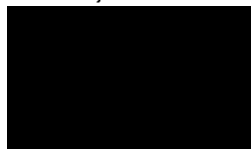

...

[REDACTED], could you send me the list of MEP addresses?

Please send me the logo in jpg or png or gif. Until now I only received it from Steiermark.

Should we already arrange a date for a next meeting (where we can also invite Jacki Davies)?

Kindest,

Liaison Officer

Of course each region can forward the message to organizations/... in his/her region.

I proposed to take care of the **registration for the event**: If you want to check the system for registration on our website: these are some examples:

- <http://en.vleva.eu/PromotionAgriculturalProducts>
- Another 'save the date': <http://en.vleva.eu/RoadmapResourceEfficientEurope>

Hereunder I send you a draft text for the "save the date".

Subject: SAVE THE DATE "The Challenge of Air Quality: a regional perspective", Brussels, November 10th 2011

Dear Madam, Dear Sir,

The Air-Quality Initiative of Regions (AIR-Group) would like to invite you for the conference "The challenge of Air Quality: a regional perspective". This event will take place on Thursday, November 10th 2011 in the morning at the Committee of the Regions (Rue Belliard 99-101, 1040 Brussels)

The Air Quality Directive (2008/50/EG) updated the air quality targets in Europe by setting clear standards and limit values. This directive will be reviewed in 2012. Twelve European Regions (Baden-Württemberg, Cataluña, Emilia-Romagna, Greater London Authority, Hessen, Lombardia, North Rhine-Westphalia, Piemonte, Randstad, Steiermark, Vlaanderen and Veneto) gathered in the AIR-Group will present you their best practices of regional initiatives to tackle the problems of air quality. Regional politicians responsible for environmental issues will afterwards sign a Memorandum of Understanding in order to confirm the cooperation from these regions regarding Air Quality issues.

This event is free of charge, though registration before November XXXXthis required by filling out the registration form on XXXXXXXXXXXXXXXX

We're looking forward to welcoming you,

The AIR-Group

Perhaps we can comment this at our next meeting so this can be sent out immediately after?

Please send me your logo's (in jpeg) asap so we can insert them on the invitation.

Thanks!

Have a nice WE,

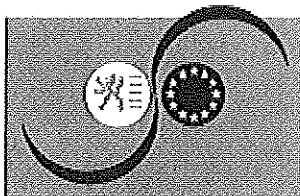

Liaison Officer

MAYOR OF LONDON

Mayor of London logo usage guidelines

These guidelines show how to reproduce the Mayor of London logo. Please follow the guidelines to ensure the marque is produced clearly and consistently throughout all communications.

Mayor of London - COLOUR

The full logo must be used.

MAYOR OF LONDON

CMYK C 100 M 50 Y 0 K 10

RGB R 28 G 103 B 168

Pantone 7462

Mayor of London - Mono and reversed out

MAYOR OF LONDON

MAYOR OF LONDON

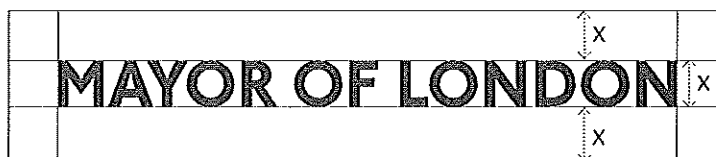

Print size

Minimum logo size 23mm wide.

Exclusion zone

An exclusion zone equal to the cap-height of 'LONDON' (x) exists around the Mayor of London logo. It is important that this space is not encroached upon by any other element eg graphics, typography, edge of page, etc.

Contact details

If you have any queries about the content of these guidelines, please contact design@london.gov.uk

Subject: Questions for Jackie Davies to ask our Minister; Steiermark, Dr. Kurzmann

Dear colleagues, as time goes by quickly I am sending you already the question, our Minister LR Dr. Kurzmann would like to answer during our conference. Who of us is getting in touch with our moderator Jackie Davies to discuss the details? Or will we have a meeting with her and the full group? If yes, when?

The questions for Minister Kurzmann are the following ones:

English version:

"Twelve different regions of seven member states of the European Union are especially concerned by the problem of particulate matter. Which initiatives takes Graz and Styria concretely to reduce the force of particulate matter?"

"Which possibilities of cooperation with the other concerned regions do you see in future and how could Graz benefit from that?"

German version:

"Zwölf Regionen aus sieben Mitgliedsstaaten der Europäischen EU sind von der Problematik des Feinstaubes besonders betroffen. Welche Initiativen setzt Graz und die Steiermark ganz konkret, um die Feinstaubbelastung zu reduzieren?"

"Welche Möglichkeiten der Kooperation mit anderen betroffenen Regionen sehen Sie in Zukunft und welchen Nutzen könnte Graz daraus ziehen?"

Tema: RE: MOU v 7 Sept 11.doc

Hi all,

As discussed, the list of things to get to JD are:

1. MoU
2. CVs (+photos)
3. a seating plan
4. (one or two) questions per region/politician
5. find date when regions' representatives will brief JD

[redacted]

London would like to see some of the issues below being addressed during the keynote speech:

1. limit values and health evidence
2. transboundary pollution
3. euro standards
4. abatement technology
5. tyre and brake wear

Hope this is useful.

Subject: summary of today's AIR meeting and some URGENT DEADLINES

Importance: High

Dear colleagues,

In order to give everyone an overview on what we have decided today here is a short summary.

- On the agenda of our AIR conference taking place the 10th November

We have decided to let our expert present in "thematic clusters"; [REDACTED] (NRW) will create 3 to 4 thematic clusters till 6.10. according to the topics we have proposed. Each expert will get 5 minutes, after each thematic cluster there will be a short questions and answers session. *Everyone* will get the chance till 3.11. to discuss this with your experts. On 3.11. [REDACTED] will forward the final thematic grouping to everyone and [REDACTED] will put it into the program on her webpage (where everyone can register for the conference).

We have reviewed the agenda of the conference and [REDACTED] (Veneto) did send the updated version to everyone today. Comments and crucial changes be sent to [REDACTED] till tomorrow, 5.10 13.00. *All the regions* that have not done so need to send their logos to be put on the invitation to [REDACTED] latest tomorrow (5.10.) We have reviewed and agreed on the text of the e-mail to be used by [REDACTED] when sending the invitation. The invitation will be sent out to the full address list by [REDACTED] on 5.10. evening. As soon as the details (Names of political representatives, expert groupings for the first technical session) are fixed [REDACTED] will update the program on her webpage. On 27.10. [REDACTED] will send out a reminder to everyone on our invitation list. By then [REDACTED] will have put all the names of our political representatives as well as the detail information on expert groupings for the technical session into the updated online program.

Registration: Deadline for the registration to our conference is the 3rd November. *Every region* is responsible for registering its own participants (as well as experts, people accompanying the Ministers...) . The room capacity is 110 participants and [REDACTED] will limit the registration in her online system for 150 (as there are always people registering and not turning up later on).

- Slides of our expert's: *Everyone*, please remind you experts that they just have 5 Minutes and therefore should restrict the number of slides. The slides need to be in English and they shall say something about the effectiveness of the measures. The first page of the slides needs to show our name (AIR airquality initiative of Regions), the file of the presentation needs to have the name of the region (f.e. Steiermark.ppt). *Everyone* please send the presentation of your expert to everyone of the group by 3. 11.. On this day [REDACTED] (Veneto) will send all slides to the CoR to provide them to the interpreters: [REDACTED] will as well store all slides on a stick and get sure they are available in the right grouping on the day of the workshop. [REDACTED] will store all slides on their webpage and – immediately

09/10/2012

after the conference – send a link to all participants.

██████████ will prepare a special slide showing the program and the thematic grouping which will be used during the conference when there is no other slides in use. ██████████ will prepare a special slide showing all our logos which will be used during the political debate of our regional political representatives with Mr. Falkenberg.

Translation: Cataunya asked for getting translation in Catalan instead of Spanish and ██████████ will check this possibility with the CoR.

- **Budget:**

██████████ told us that it is extremely likely (but not 100% sure yet) that the CoR will pay for translation. The costs for catering (Lunch option 2 of Sodexo, 13,-€/p.p. + TVA) and the moderator (██████████ 1000,-€) will be covered by the 11 AIR members (not including Steiermark as Steiermark pays for the key note speaker Prof. Hausberger). The costs will be around 260 € per region. Sodexo will be able to make separate bills and we will ask the moderator to make separate bills (f.e. 4 bills by Jackie Davies, 7 bills by Sodexo; then every region just gets either a catering or a moderator bill)

- **Meeting with the moderator:** ██████████ (Flanders), ██████████ (London) and ██████████ (Lombardia) will have a meeting with the moderator to fix the details of the political discussion (most likely on the 10th or 14th of October) and Folco will after the meeting send an e-mail informing everyone about the details agreed on.

- **Next Meeting: 18. October, 10.00**

██████████ will send an e-mail confirming the place of our next meeting.

Thank you very much to ██████████ (Flanders), ██████████ (Veneto) and ██████████ (NRW) for taking over most of the burden today in order to get organized in time!!!!

Best wishes

Subject: RE: Regional event on air quality - Committee of the Regions, November 10th 2011

Dear Jacki,

I'm really sorry for my late reply, but because of the summer holidays, the different regions haven't met anymore and I can't reach the coordinating region of Lombardy. I'm very sorry but I can not give you a definite answer yet. We have a meeting next Wednesday morning. Would it be ok if I inform you after that meeting.

As I said before on the phone, you can assume it as confirmed since one region I heard in the summer has proposed to pay the costs of the moderator.

I'm very sorry, but I will formally confirm next Wednesday.

Thank you in advance for your patience and availability,
Kindest,

Onderwerp: RE: Regional event on air quality - Committee of the Regions, November 10th 2011

Dear ██████████
I have blocked the day for you for now, and will await confirmation. Please let me know as soon as you can, as this will be a very busy period.
It would be great to meet in Sep/Oct. Just one word of warning, though – my diary is incredibly busy for both months, so we should find a date for this as soon as possible!
Best, Jacki

Dear Jacki,

I'm so sorry, I knew I had to reply to you and I thought I did but apparently I didn't! We certainly want to use your services but we still have to get back to our capitals to be certain of financing. This will probably be a formality, so if possible could we take 'an option'?

I mentioned your worries about the room and 'dullness' of the 'debate' and we will invite you then in one of our future meetings in September/October to clear out this issue.

Thank you! and sorry about replying late!
Kindest and good holidays,
██████████

Dear ██████████
How did your meeting go on Tuesday? Can you confirm now whether you want to use my services for this event or not, and did you have any further discussions on how to organise the debate, in light of the constraints and concerns we discussed on the phone last week?
Best,
Jacki

Dear all,

Please find the link to our event: <http://en.vleva.eu/AIR>
Registrations are open. There's an automatic confirmation email.

09/10/2012

I'm now preparing the invitation.
Don't hesitate to send me your remarks.

Kindest,
[REDACTED]

AIR-Conference on 10.11.2011

Contributions of the regions: „best practices“

Region	1 st contribution	2 nd contribution
Baden-Württemberg	<p>19 Low Emission Zones adding up to 36.000 km²: reduction of 30 t of PM10 emissions by LEZ in Stuttgart; ban of heavy duty vehicles in several cities by expensive vehicle routing plans; evaluation of the impact of speed limits on main roads (30 km/h) on emissions.</p>	
Catalunya	<p>Barcelona Bus fleet renewal and retrofiting (ambitious program to increase the number of natural gas buses and to install SCRT filters and to convert old buses into hybrid buses)</p>	
Emilia-Romagna	<p>Programme Agreement on Air Quality: the ninth Programme Agreement between the region, the provinces and the municipalities with over 50.000 inhabitants has been signed for the period 2010-2012. It contains measures in the fields of transport, energy, agriculture, buildings, industry, for a regional contribution of over 19 Millions €: among the others, road traffic restrictions during the winter season and fitting of DPFs on buses.</p>	<p>Measures in the field of industry and energy production: actions have been adopted to integrate the air quality objectives in the industrial and energy policies.</p>

Region	1 st contribution	2 nd contribution
Greater London	<p>London £5m Clean Air Fund of local measures at central London PM10 modelled and monitored hotspots.</p> <p>(Trials of deep cleaning and dust suppressant technology, Fitting of DPFs on buses travelling through hotspots, Anti-idling information and enforcement, Green infrastructure, including street trees, flowers and green walls, Working with businesses to reduce their 'air quality footprint')</p>	
Hessen		
Lombardia	<p>Vehicle traffic management: Lombardy invested 130 Millions Euro in incentives for renewing (Euro5) or improving (retrofitting) vehicles. Has, also, implemented a graduated program to limit circulation of diesel vehicles with different Euro emission standards</p>	
North Rhine-Westphalia	<p>The biggest Air-Quality-plan of Europe: "Ruhr-Area" (60x30km) with more than 20 cities, including the biggest Low-Emission-Zone. Dealing with the interests of different municipalities, trade, transport, industry and SME</p>	<p>Tackling the industry: efforts in a heavily effected city (Duisburg) by improving sites of heavy industry</p>
Piemonte	<p>District heating</p>	<p>use of methane in transport and heating</p>

Region	1 st contribution	2 nd contribution
Randstad	<p>Promoting clean transport: investing in greengas filling points and electric driving.</p> <p>Greengas is biogas – derived from sewage sludge, manure, organic waste, etc. - that is reprocessed into natural gas quality. It is injected into the natural gas network, and delivered to the fillingstation pump by certificates (comparable with green power). Greengas is not only good for airquality, but also almost climate neutral.</p>	
Steiermark Veneto	<p>District heating</p> <p>Rotating fund to provide financial support to replace some categories of civil heating systems with others using less polluting fuels</p>	Reduction of NOx Emissions from Exhaust Gases of Cement Plants by installing the SCR (Selective Catalytic Reduction)
Vlaanderen	<p>Smogalarm: 90 Km/h on parts of the highways (with population) during smog-alarm which is induced by forecasted exceedances of PM (70 µg/m³ during at least 2 consecutive days)</p>	<p>For combustion installations, limit values that go beyond the LCP-directive</p> <p>+ more stringent limit values for small combustion installations and stationary engines. For new permitted installations, WKK is obliged (when economic feasible). It is the purpose to go for further stricter measures for the small combustion installations, stationary engines and gas turbines (on biomass) based on a new local BAT-study</p>
