Buon giorno Remo, Dear All,

Yes indeed that's a good remark, I've added it to the website and also to the invitation; that will leave today: our IT-man already left by the time I had all the logo's and everything done. No worries, today it will be sent!

Thank you all for your feedback!

Dear all,

I know it is very last notice, but I have a question. Yesterday-evening I was called that in COR ENVI meeting in Malmo of 4 Oct. a COR rapporteur was appointed for air quality review. It is Mr Cor Lamers, Maire of Houten (city near Utrecht, one of air hotspots in randstad region). He is willing to say a few words on his working document he will present in ENVI's next meeting. He could join us until 12.30 latest, because of obligations in the NL at 14.00. Do you think it is good to let him say some words (5-10 mins) in our programme or is it too late now? Maybe he could do a combined welcome after Mr Gerhard Stahl, and/or we could do a shorter introduction on AIR. That way I think it could fit into our programme, do you agree? Another alternative option would be that we put him in the programme for the political meeting in spring, but there will be little room for input than for his opinion.

Have the rapporteur for the Committee of the Regions say a few words seems like a good idea. If we all agree if/when he can speak, I'll add him to the programme online (and to the save the date at the end of October).

Dear all,

Now that the programme is sent out, we'll get of course a lot of questions. I propose that I directly reply to the questions regarding logistics, ... but that the questions that regard a decision I forward to Lombardy region. Does everyone agree? (please reply only if you don't)

For example: My colleague informed me (I'm not in the office) that [REDACTED] (DG ENV) called. He asks if he can have a look at the Memorandum of Understanding. [REDACTED] could you reply to that?

Thank you and I already wish you a nice WE!

Dear Mr. [REDACTED]

Many thanks for your message and the invitation to the conference.

I'm afraid it will be difficult for our cabinet to be present at this conference, but I am reassured to see that you have DG ENV's presence at its highest level.

Feel free to address an invitation to Mr. Potocnik for the event in 2012 - we will certainly then check his agenda.

Thank you for the active interest in and support for the EU's air quality policy.

Dear [REDACTED]

I am very pleased to inform you that we have finalised the first part of the job among the 12 Regions interested in feeding the Directive 2008/50 revision process.

We have organised for the next 10th of November a conference at the Committee of the Regions, attached you can find the programme. At the end of the event our Regional Ministers will sign a Memorandum of Understanding in the presence of Mr. Karl Falkenberg. The main aim of the MoU is to work together on a position paper aiming to contribute to the wide European debate which has started on the Air Quality issues. The AIR Group will be glad if you will be able to attend our event. Anyhow I would like to inform you that we would like to organise an important political event for the first half of 2012 in which we will present our position paper. For that event we really hope the Commissioner Potocnik shall be present and give us his fundamental point of view.

Best regards

RE: Regional event on air quality -
Committee of the Regions, November
10th 2011

It was very good to meet you yesterday and I am looking forward to working with you on this event. Here, as promised, are my thoughts on how to organise the panel debate in the most effective way possible, in order to make this final part of this conference as dynamic as possible and to ensure an interactive discussion between the political representatives and the Director-General.

I suggest that I launch the debate by giving Karl Falkenberg the floor for 3-4 minutes to outline how he sees the future of EU air quality policy. I would then put a pre-agreed question to each of the political representatives (to be drawn up by me once you let me know what issue they would like to focus on), to which I would ask them to give short (2 minute) replies.

I would then continue the debate by asking both Mr Falkenberg and the political representatives some more questions. Obviously the precise issues we discuss will depend what has been said already, but I propose to draft an email from me, to be sent by you to all the speakers in advance, containing a 'indicative' list of possible themes for our discussion, ideally linked to the content of the memorandum of understanding, so that they can prepare. There would not be time for all of them to answer all of these questions, but I would ensure that everyone replied to at least one of them - and again, given the very short time available for this debate, they would have to limit their replies to about 2 minutes each.

This format would hopefully ensure plenty of interaction and debate, which I think is essential both to avoid this last session being little more than a series of statements (and thus very similar to the previous part), to retain the interest of the audience, and to make the most of having Mr Falkenberg with us.

If you all agree with this approach, I will wait for you to send me information about what the political representatives would like to focus on in my first question to them, and will then draft an email to them all as outlined above, which I would send to you for comments before it goes out to them. This should ideally be sent out a week before the event.

One last point: as we discussed, I suggest reducing the signing ceremony to just 10 minutes (by getting them all to sign just one piece of paper) and then allowing 5 minutes for photos, which would give us 10 minutes more for the panel discussion – precious minutes if we are to have a good debate!

I hope this is a help.

Best regards,
Jacki

There would not be time for all of them to answer all of these questions, but I would ensure that everyone replied to at least one of them - and again, given the very short time available for this debate, they would have to limit their replies to about 2 minutes each.

This format would hopefully ensure plenty of interaction and debate, which I think is essential both to avoid this last session being little more than a series of statements (and thus very similar to the previous part), to retain the interest of the audience, and to make the most of having Mr Falkenberg with us.

If you all agree with this approach, I will wait for you to send me information about what the political representatives would like to focus on in my first question to them, and will then draft an email to them all as outlined above, which I would send to you for comments before it goes out to them. This should ideally be sent out a week before the event.

One last point: as we discussed, I suggest reducing the signing ceremony to just 10 minutes (by getting them all to sign just one piece of paper) and then allowing 5 minutes for photos, which would give us 10 minutes more for

the panel discussion – precious minutes if we are to have a good debate!

I hope this is a help.

Best regards,

Jacki

The AIR group had a technical meeting on 18 October to prepare the conference in the CoR.

- Everyone agreed to offer a timeslot to the CoR rapporteur
- We take a bit more time for the debate, it will finish at 12.55, closing remarks till 13.00, afterwards signing; lunch 13.15
- Our Ministers sign just one copy of the MoU at 13.00 in public, the other 12 copies will be signed during the conference. One copy will be handed over to Mr. Falkenberg and everyone gets one copy home
- Setting: Mrs Davies suggests that all politicians sit at the first row as there is not sufficient space on the podium. There would just be Mrs. Davies and Fr. Falkenberg. Our [REDACTED] and [REDACTED] will check the meeting room on Friday morning to find a solution (Room JDE 52)
- [REDACTED] checks with the CoR whether they could take photos and distribute them
- Badge service: [REDACTED] and a Hessen stagaire and [REDACTED] will do the check in at the entrance; [REDACTED] asks the CoR if we need badges with names for the participants;
- There is still the confirmation of some of the politicians and experts missing. Please send them to [REDACTED] till Friday 21.10.
- [REDACTED] checks if the CoR can make name plates for the speakers and the PC in the meeting room.
- No flags as not everyone one.
- Manage the signature of the 12 copies during the conference: London (stagaire) and Catalonia will manage this and bring the copies.
- London prepares the handout packages for ministers and Mr. Falkenberg: copy of the MoU to be signed, The CV of each ministers, program, list of participants
- Randstadt prepares the handout for all participants: in black and white the program and the MoU;
- People who have not yet sent the CV and photos of their ministers need to send them to [REDACTED] (London) till Wednesday, 26. October.
- [REDACTED] and [REDACTED] will check with the CoR if we can get a film/audio copy of the meeting
- Press conferences are organized individually by each region itself
- Handouts in colour for our politicians and Mr. Falkenberg (London in charge): MoU, list of participants, program
- Handouts for participants (Randstadt); MoU and program in black and white
- Invoices: The catering service of the CoR is booked by [REDACTED]; They will prepare different invoices; Veneto, Emilia Romagna, Catalonia, London, Flanders, Piemonte, Randstad; [REDACTED] sends an e-mail to these Regions with the details needed.

- Everyone else (apart of Steiermark who covers costs of the key note speaker) will share the bill of Mrs. Davies: Hessen, NRW, Lombardia, Baden Wuerttemberg. Lombardia will check everything for the moderators bill to be prepared.
- The official final invitation to Mr. Falkenberg will be sent by Hessen as [REDACTED] is already in touch with him
- Political debate: it needs to be a debate, not separate speeches of all politicians. The political debate needs to focus on our need for the future. We send the topics our Ministers want to talk about and Jacki Davis will prepare the question. The political debate should not be a repetition of the best practice (this was the expert session) but be oriented on the future and the needs for the future directive. First serious of questions: focus on the problems the regions see in the current directive; second serious of questions: focus on possible solutions. What would be important to be considered in the revision of the directive? We send two topics our minister wants to stress in this debate till Friday 21.10. to [REDACTED] and [REDACTED] who will talk with the moderator. They will prepare an overview and send it to everyone. We will make a "congruency check" for that. Jacki Davies will organize a dynamic and coherent debate.
- Technical session: As NRW was not present in this meeting [REDACTED] will check with [REDACTED] the details (grouping of the experts); [REDACTED] will replace [REDACTED] in case she is not able to prepare the technical debate

Next meeting: Monday, 7th November at 10.00 in Lombardia office.

Subject: Technical meeting with CoR

Dear all,
[REDACTED] and me, as agreed, we have met [REDACTED] at the CoR for the logistic arrangements. These are the results:

1) Room and Politicians seats:

Room is JDE 52 and is one of the biggie. It means that at the presidency we have 13 places + podium + 4 places in a front row (Ms Sikora send us the plan of the room so everybody can uderstand better):

so my proposals are:

a) Ministers and Mr. Falkenberg seated at the presidency and Jaki Davis stands on the podium

b) the 3 or 4 non politicians seated in the front row, the 10 politicians + Falkenberg + Davis in the presidency

Please let me know your advice.

2) Photos:

CoR doesn't have any internal photo service. Please someone candidate for taking picture

3) Badge:

CoR print out for us the non nominative badges with conference title and

logo: [REDACTED] (Veneto) is trying to draft a common logo. They give us the paper badges and the plastic the day before the event, we have to assemble them.

There will be a registration corner at the entrance and we have to manage that with our persons

4) Name plates:

We have to prepare the name paltres for all the speakers

5) Audio/Video recording:

CoR provides only audio recording in original and in one other language. We ask for the english so it can be used by everyone.

CoR doesn't provide any kind of video.

6) PPT Presentation:

CoR needs to have all PPT by the 4th of november

7) Participants list:

We have to provide the participants list to CoR the 8th of November. It must be fully complete also with the names of our politician and all his team.

I hope I have wrote you everything, have a nice week end.

Subject: SENDING OUT REMINDER

Dear All,

We agreed to send out the reminder by Friday October 28th. In order to send out everything in time, we will need the final programme to be defined by Wednesday evening, because I won't be in the office Thursday afternoon & Friday.

- **For the panel of experts:** we should agree on the final thematic division: we should decide on option 1 or 2 that Babette sent out and integrate the remarks made by everyone. **Who can volunteer to do this?** I propose on the programme that we put the thematic division and the regions but no names of experts: it would be too overloaded I think?
- **For the political debate:** do you want the names of all ministers/political representatives?

Thank you!

Kindest,

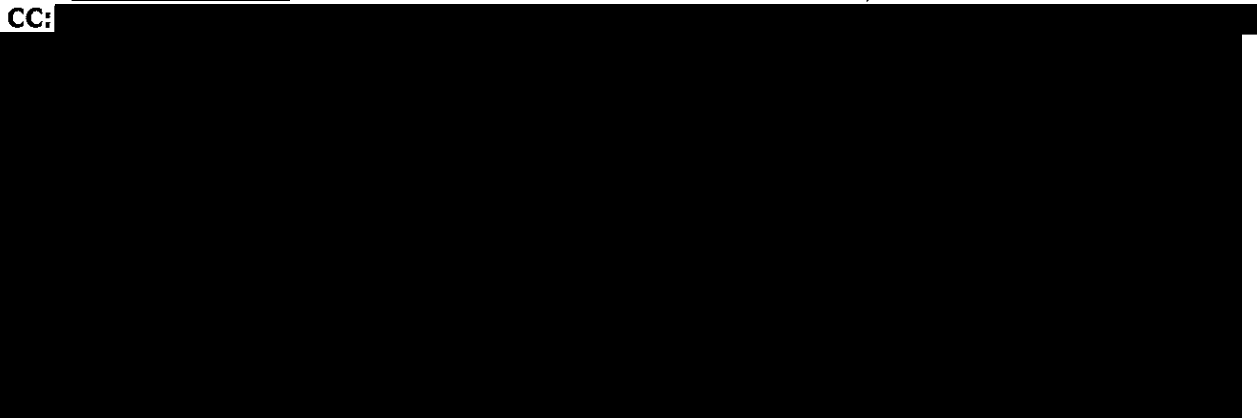

[REDACTED]

Onderwerp: Rif: RE: Technical Contributions of the regions

Dear all,

In October 4th meeting we mentioned the building energy efficiency as one of the important

topics to be presented on November 10th event. In order not to repeat ourselves on the same issues, and since Steiermark can talk about district heating, we propose to have a contribution by Regione Piemonte on building energy efficiency in the Technical program.

Best regards.
