Oggetto  
RE: Regional event on air quality -  
Committee of the Regions, November  
10th 2011

09/10/2012

It was very good to meet you yesterday and I am looking forward to working with you on this event. Here, as promised, are my thoughts on how to organise the panel debate in the most effective way possible, in order to make this final part of this conference as dynamic as possible and to ensure an interactive discussion between the political representatives and the Director-General.

I suggest that I launch the debate by giving Karl Falkenberg the floor for 3-4 minutes to outline how he sees the future of EU air quality policy. I would then put a pre-agreed question to each of the political representatives (to be drawn up by me once you let me know what issue they would like to focus on), to which I would ask them to give short (2 minute) replies.

I would then continue the debate by asking both Mr Falkenberg and the political representatives some more questions. Obviously the precise issues we discuss will depend what has been said already, but I propose to draft an email from me, to be sent by you to all the speakers in advance, containing a 'indicative' list of possible themes for our discussion, ideally linked to the content of the memorandum of understanding, so that they can prepare. There would not be time for all of them to answer all of these questions, but I would ensure that everyone replied to at least one of them - and again, given the very short time available for this debate, they would have to limit their replies to about 2 minutes each.

This format would hopefully ensure plenty of interaction and debate, which I think is essential both to avoid this last session being little more than a series of statements (and thus very similar to the previous part), to retain the interest of the audience, and to make the most of having Mr Falkenberg with us.

If you all agree with this approach, I will wait for you to send me information about what the political representatives would like to focus on in my first question to them, and will then draft an email to them all as outlined above, which I would send to you for comments before it goes out to them. This should ideally be sent out a week before the event.

One last point: as we discussed, I suggest reducing the signing ceremony to just 10 minutes (by getting them all to sign just one piece of paper) and then allowing 5 minutes for photos, which would give us 10 minutes more for the panel discussion - precious minutes if we are to have a good debate!

I hope this is a help.

Best regards,

Jacki

Unfortunately I will have to cancel the drinks on Thursday because Kulveer was asked by the Mayor to be in London earlier so he has now changed his tickets. As you know I was in London on Friday and this is a last minute change to the plans.

However, because there were quite a few politicians that wanted to meet up, we discussed it this morning at the meeting with the AIR Group and decide to arrange for a separate corner where all politicians can have lunch together and maybe with Flakenberg.

[REDACTED] is making necessary arrangements.

Apologies for this sudden change.

---

Dear all,

Kulveer Ranger (London's political representative) is coming to Brussels in the afternoon of the 9 and leaving Brussels on the evening of the 10 November.

Kulveer would like to have a separate chat on air quality (and any other environment related issues of interest) with any politicians who will be in Brussels during the same time.

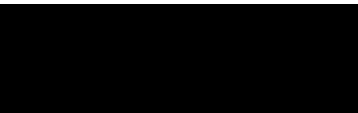

Would your regional politicians be available/wish to meet briefly either for drinks on the 9 (18.30 - 19.30) or 10 November (16.00 - 17.00).

Thank you in advance for a speedy response.

Kind regards

**Oggetto:** Re: AIR group - minutes meeting 7th november

Dear all,

Thank you very much for the minutes.

I already made 150 prints of our final list of participants, (the one [REDACTED] send today).

I think 150 will be ok right? Or do we need more?

Then I just need our latest MoU and final program. Can someone send that to me, so I can make the copies?!

Met vriendelijke groeten,
